

S.G.P.B. GOVERNMENT GIRLS COLLEGE, PALI (RAJ.)

Principal Message

It is my privilege to work as the Principal of Smt. Guman Bai Panna Lal Bhanshali Government Girls College Pali. The college was established in July 1995 with the objective to impart quality education to the girl students of Pali and nearby rural areas. With a steady growth in the overall registration of the students on the one hand and excellent academic performance on the other hand it is indeed a matter of pride and a testimony to our continuous growth that the ABST Department of the faculty of commerce has been upgraded from undergraduate to the postgraduate level in the session 2016-17 by the Government of Rajasthan. The permission of Faculty of Science has also been received from the College Education Department of Rajasthan since session 2022-2023 and the process of affiliation from the university is going on.

The College was recognized by University Grants Commission New Delhi under 2(f) and 12(B) in April 2006. Initially it was affiliated with MDS University of Ajmer (Rajasthan) later it was transferred to Jai Narain Vyas University, Jodhpur in 2012. The college provides all the facilities for all round personality development of the students. The college submits all the required information of the college to the Commissionerate of College Education Rajasthan Jaipur and UGC as and when it is required. The college receives plenty of funds from UGC and RUSA which is utilized for the enhancement of infrastructure and teaching facilities of the college. The SSR of the college is prepared as per the guidelines of the NAAC. I wish for the successful accreditation of the college.

Sincerely

Principal

Smt Guman Bai Panna Lal Bhanshali
