3.4.3 Number of extension and outreach programs conducted by the institution through NSS/NCC/Red cross/YRC etc., (including the programmes such as Swachh Bharat,AIDS awareness, Gender issues etc. and/or those organized in collaboration with industry, community and NGOs) during the last five years-

1. The college has started the new practice of Geo-tagging photographs from the session 2022-23, hence all photographs of the earlier events are non-Geo-tagged. All activities with proper captions(in English) and dates have been attached in separate link as provided below-

2. Supporting documents in SSR had mistakenly replicated ANANDAM and uploaded twice in place of detailed reports of documents for each extension and outreach program.Corrected detailed report with specific mention of number of students participated and collaborating agency is now being attached. 5. Please note that the college caters exclusively to girls from in and around Ajmer, and most belong to the economically weaker sections of society and are first-generation learners. Hence, the learning that the students take from the college is replicated and given back to society in the form of better awareness of social issues and problems and their resolution. Therefore, all activities in the interest of students are a form of extension through which their families, neighborhoods, communities and the nation benefits.

hence Change Input accordingly :
