

# **One Day National Workshop & Training Programme**

Organized by: Dept. of Chemistry, Shri M.L.V.Govt. College, Bhilwara (Raj.)

Sponsored by: Dept. of Science & Technology, Rajasthan

(18<sup>th</sup> January, 2017)

We have organized one day National workshop and training programme on IPR awareness on 18<sup>th</sup> January, 2017 in Shri M.L.V Government College, Bhilwara (Raj) affiliated to MDS University of Rajasthan. The workshop sponsored by Department of Science and Technology, Jaipur (Raj.)

Workshop was designed for the Faculty members, Research Scholar, and PG Students of all faculty as the theme of the workshop includes Patent, Intellectual property rights and Trade mark etc. Registration in the conference was overwhelmed in total 120 registrations of the participant from all over Rajasthan as well two of the

registration from other state also. Total 67 was Research Scholar whereas 53 was faculty members.

India has become a member of the global patent regime but awareness and expertise on the subject of Intellectual property Rights (IPR) in the academic institutions is still inadequate especially in Government Colleges of Rajasthan.

Maintenance of a proper balance and fine tuning of academic excellence with academic integrity and protection and exploitation of intellectual property rights is becoming very important for the colleges and universities.

## Prgramme Detail

The programme included talks on importance of IPRs and their protection, Patenting procedures and Patent informatics, role of innovation, Patent searches and invention in the academia-industry collaborations, trademark and copyright protection, issues of do's and don'ts for a researcher in the context of publishing and patenting, overall Intellectual property rights etc.. The resource persons included IPR experts from National Law Universtiy, Jodhpur (Raj) Dr. Gargi Chakrabarti , two IPR experts from MNIT Jaipur one was Prof. Dilip Sharma In assistance with **Technology**

*Information, Forecasting and Assessment Council (TIFAC)* and other one was Dr. Amar Patnalyak who manage IPR cell in MNIT, Jaipur.

- ⦿ Our chief guest was Prof. Dilip Sharma from MNIT who deliver very informative two lectures regarding Intellectual property rights he says **Imagination is more important than knowledge**, the basic aim of conferring an IPR upon the person owning the same is to give a social recognition to its holder.

This social recognition can further bring economic benefits to its holders. It is just and reasonable to award a person an IPR in the form of 'limited monopolistic rights' for his/her labour and efforts. He explains Nature of Intellectual Property Rights like patents, copyright, trademarks, industrial design; lay out design of integrated circuits, protection of undisclosed information, geographical indications, Plant Variety Protection and Farmers Rights etc. He explains regarding the life span of the different IPR. The participants were made aware of

patent filing its important and different law to save his or her intellectual rights. The session were chaired by Dr. Amar Patnayk (Assistant Prof.) from MNIT.

- ⦿ Second invited lecturer was of Dr. Gargi Chakrabarti is an Associate Professor at the Faculty of Law at National Law University, Jodhpur. She is also the Chair Coordinator of the Ministry of Human Resource Development Chair on IP at the university. Her expertise lies in intellectual property, cyber law and environmental law. who delivers fantastic three lecturers consecutively and give updated information regarding the patent position in India and the overall patent filing procedure.

The law behind the rights how, when and why all the questions were solved in the lecturer and the audience was mesmerize with her effective and informative presentation. The session was chaired by Eminent Scientist of Botany Dr. B.L. Yadav.

- ⦿ Third invited lecturer was of Dr. Amar Patnayak who deliver two talks on the topic **Intellectual Property Right & Indian patent system** the session was interactive and question answer type he gives solutions to various curious

**question like what is Objective of IPR ?** I have an innovation .... How do I protect it in the market? Rights available to a patentee? Why are patents necessary? What role do patents play in everyday life? Stages from filing to grant of a patent? Etc.

He give glimpses of patent office in India like where they are, how to approach, what exactly is the procedure and how much time it has to be taken. He explains this entire thing with informative flow chart. He state that 25% of all R&D efforts are wasted each year on inventions that have already been invented so Don't start your R&D until you have done a search! In last he also showed how his institution helping the needful for filing a patent. The session was chaired by Eminent scientist of Chemistry Dr. R.L. Pitliya.

From the Participants

“ This workshop is eye opener for me, all the talks was fantastic and I personally think that this type of workshop needed as the researchers and student mai

Shubham ojha

Dr. Ajit Joshi

Dr. Mukesh Vyas

## Participants Views

After technical session participants share their view:

I am a student of M.Sc Chemistry, For the beginners like me, who does not have any specific idea about the topic covered. The first lecturer of Prof. Dilip Sharma sir was very comprehensive and he discussed the historical evolution of the subject (IPR) in quite detail. The technical knowledge gained during this workshop will definitely help me in future, where I will pursue my own research work. All the resource persons delivered with dialogue with the audience it made the whole sessions live and interactive. I hope that more such workshops will be organized in near future.

**Mr. Shubham Ojha, Student (M.Sc Chemistry)**

Interactive session was quite attractive in the whole day workshop as it gave us enough opportunity to understand various case studies of violation of intellectual property rights. This academic feast also updated me about present scenario of TRIP & TRIMs at the international arena. It was all in all an excellent venture, concise and informative. Thanks to DST, Rajasthan and entire Organizing Committee of this college.

**Dr. Ajit Joshi, A. Prof. Mewar University Gangarar, Chittorgarh**

It was a pleasant experience to attend this one day workshop as it enriched my knowledge about prevailing rules and regulation regarding patent filling process. In my opinion, such meticulously designed academic activities should be organized at a regular interval in other government institutions. I am impreesed with the whole team of the workshop, they have made it a real successful event. **Dr. Mukesh Vyas, Lecturer in Physics (Meera Girls College, Udaipur(Raj.)**

### **Valedictory function**

After all technical session there was a valedictory function chaired by Our mentor and Principal Prof. B.L. Malviya sir and the chief guest was Dr. R.L. Pitliya sir (Eminent

Scientist of Chemistry). Certificates distributed and the session opens for all final discussion and point of views of participant.

#### Organizing Committee

**Chief Patron:** Prof. B.L. Malviya

**Patron:** Dr. Indubala Bhapna

Dr. J.P Gupta

Dr. R.S Bangar

#### Organizing Committee:

**Convener:**

Dr. B.V. Kabra

**Organizing Secretary**

Dr. Avnish Sharma

**Co Convener:**

Sh. Shailendra Jain

**Jt. Secretary**

Dr. Kamod Singh Meena
