College environment is very good.

Impartial, vibrant and pro active administrator is required for institutional growth.

Fair examination is required. Some of the private centres are indulged in malpractices. It must be checked and penalized for the sake of laborious students.

Political intervention should be avoided. Well established transfer policy is required.

The shortage of college staff should be removed.

Lab boy and lab assistant facility should be provided

Vacant posts are major problem. It must be sort out.

Vacant post of peons should be filled immediately

Lab assistant should be provided in laboratory

The College Administration and Senior Faculty members always motivate the newly appointed faculty members to develop their research skills, that is a nice thing. PG departments in subjects like Hindi, Political Science and Sociology should be introduced in the Faculty of Arts.

Syllabi should be more practical oriented..

Staff deficit should be removed from colleges and govt edu must be made free for all :so that extra load of work like distribution scholarships etc can be avoided and teachers are involved more in teaching

Ok

Research laboratory separately

Research laboratory separately

Research laboratory separately

Instrumental oriented practicals can be added in higher classes. Such as analysis of environmental contaminations etc.

Good academic activities

Suggestions regarding curriculum

44 responses

No

ok

Satisfied

Ok

NA

Satisfaction

Job oriented curriculum should be introduced

It must be as per market requirements

Timely updated

New Courses like Office Management and Skill Development should be introduced compulsorily in UG classes.

Some Topics regarding the latest developments in the concerned Subject should be incorporated in timely manner.

Curriculum should be designed to make students self dependent in future

No

Excellent
