

### **2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences**

Our College always encourage student-centric learning through brain storming **group discussions**, quiz, presentations and project work in participative learning and problem solving methodologies. Regular activities viz.,**practicals in laboratories**, group discussions, **seminars**, special lectures are organized in the college and students actively participate in them. Students are given class assignments for focusing on self study and to encourage independent learning. Different student support systems are available in the college like Library, Computer Lab, ICT based classrooms. Students are trained for Basic Life skills such as First Aid, Self Defense and Personal Hygiene and Sanitation. Beyond the classroom, college gives high importance to all-round development of students through extra-curricular, co curricular and field based activities. The objective of student centred activities outside the classroom is to engage students as much as possible in learning procedures that require more than reading or viewing the material. To increase the concentration in various activities, the college has framed many committees like Cultural , Sports , Canteen, Career counselling cell. Both intra and inter-college sports competitions are organized, where students exhibit talent in variety of games, to foster spirit of togetherness and leadership. In order to inculcate human values, ethics and social responsibility, students are encouraged to participate in activities.
