

College Best Practices

1. Know Your Leader

Objectives

To instill the feeling of nationality among the students and to make them aware of the great leaders that have devoted and sacrificed their life towards nation building, the innovation cell has endeavored to organize an activity *KNOW YOUR LEADER* every month where in the students are asked to give creative inputs in the form of speech, poem poster or play to highlight the contribution of the respective leader who has been chosen for the month. Leadership development is how organizations or nations develop the talent they already have into the leaders they need for Page 123/128 06-08-2022 12:39:42 Annual Quality Assurance Report of NITYALILASTH TILKAYAT SHRI GOVIND LALJI MAHARAJ GOVERNMENT GIRLS COLLEGE, NATHDWARA, DISTT. - RAJSAMAND tomorrow. By rigorous exchange of views on the selected leader of national repute for the month, the students gained a holistic view regarding the time and contribution of the stalwarts in their specific field. This activity was introduced with the objective that qualities of a leader are not something God ordained but can be inculcated if there is dedication, integrity and commitment to do something constructive in nation building. We realized that in present context students are baffled by the information overload regarding the leaders especially in the social media. The students have been reading about all these leaders in their school syllabus of various subjects but it had always been a one-sided monologue. The students hardly could express and relate with them. The purpose here was to let them speak and express their views on them through poems, articles or simple speech. The interactive session between students and teachers put the leaders in right perspective. It also helped them in personality development by honing their communication skills, overcome the stage fright etc. The activity had been very successful and the students started putting effort preparing and searching for material on the leader assigned during the particular month. The knowledge sharing made them confident and vocal in expressing their views. Owing to Pandemic the activity was put on hold since the admissions got delayed as well as the session. Nevertheless as soon as the session was offline, it was undertaken by the faculty.

2. Joy of Sharing

Objectives

In today's times, where everything has become so competitive and where our students rarely give without expecting something in return, it is crucial that we inculcate in them the lifelong habit of giving. Giving without expecting anything in return and giving because the very act of it will fill our hearts with lots of happiness and joy Page 124/128 06-08-2022 12:39:42 Annual Quality Assurance Report of NITYALILASTH TILKAYAT SHRI GOVIND LALJI MAHARAJ GOVERNMENT GIRLS COLLEGE, NATHDWARA, DISTT. - RAJSAMAND According to research, the secret to life-long happiness is to give. It gives our life meaning and purpose and is important in evoking the feelings of gratitude. As teachers one of the ways in which we can raise an exceptional human being is by inculcating in them the feelings of gratitude. Even small acts of giving can trigger off the feelings of gratitude. This has also been the core idea behind Anandam project that was adopted by Directorate in the current session. As we move forward through these tough times, let us keep in mind that there are many students and people from the Missedout Communities , amongst others who have been having a tough time throughout the pandemic. The activity therefore becomes all the more relevant in such context Apart from bringing joy and happiness, sharing also inculcates in us the virtue of caring. It teaches us the importance of taking care of others. Hence goes the famous adage: Sharing is caring .These values have to be fostered both at home by parents and at colleges by teachers so that they become an important trait in the personality of the student and remain with individual throughout his life. Thus to foster this value among students ,an Almirah was ear marked that remained unlocked and any student ,faculty, teaching or non teaching could freely gift and take new or old article, whether, stationary , books, clothes, bags, shoes ,utensils or any article of utility .It is a sharing center and is functional throughout the session. It's specifically titled as "Sharing "not "Giving" since the Giving somewhere pesters ones ego of handing over while sharing implies camaraderie.. Number of new or old article, whether, stationary , books, clothes, bags, shoes ,utensils or any article of utility were added round the year in the Almirah and students /teachers kept donating as well picking them according to their need. Some of the students would pick the books and then Page 125/128 06-08-2022 12:39:42 Annual Quality Assurance Report of NITYALILASTH TILKAYAT SHRI GOVIND LALJI MAHARAJ GOVERNMENT GIRLS COLLEGE, NATHDWARA, DISTT. - RAJSAMAND replace them too . But majority of staff and students have magnanimously started contributing to it . Girls were very shy initially to pick the things as it somewhere would question their self esteem but then the staff helped them to come forward and utilize them .
