**LEARNING OUTCOMES**

PROGRAMME NAME	DISCIPLINE	COURSE OUTCOME	PROGRAMME OUTCOME	PROGRAMME SPECIFIC OUTCOME
B.A. (Bachelor of Arts)	Arts	The B.A. programme is a combination of three elective courses opted over a wide range. Each course has been designed keeping in mind knowledge, skills, human values and social issues of relevance.	The B.A. programme has been designed with the objective of imparting the best of subject knowledge along with basic computer knowledge, environment and language competency.	The insistence is on extensive knowledge to fight competitive exams and pursue higher studies. The curriculum design emphasizes human values and subject competence.

B. Com. (Bachelor of Commerce)	Commerce	The course expose the students to micro concepts of Commerce and analytical skills.	The programme helps the students understand marketing strategies, entrepreneurship, banking system, economic theories, and accounting procedures.	By the end of the programme the students are competent for doing business, banking jobs, accountant, office jobs and other competitive exams.
B.Sc. (Bachelor of Science)	Science	The course contents are designed to provide exposure to the core subjects and equip the students for higher education.	The programme helps in the understanding of fundamental concepts, theories, practical applications and objective conclusions.	The insistence is on skills in the laboratory, competence, understanding of phenomenon, sustainable development areas, and interdisciplinary areas of science courses.
M.Com.- (Master of Commerce)	ABST	The course helps the students pursue career in revenue services, tax departments and other office jobs. The course emphasizes the study of costing and tax management.	The programme equips the student with knowledge in Management Accounting and financial Control, higher accounting, cost accounting, cost control, and research methodology.	The student after completing master's degree in ABST is well acquainted with Research Methodology and Statistical Techniques, direct and indirect taxes, taxation and tax planning. Along with this it also opens up career opportunities in the area of management and operational audit, project planning and appraisal and specialized expertise in advanced costing problems and operations research.
M.A.- (Master of Arts)	Hindi	The course empowers students to identify dialects, classifications, literary trends, theories and discourses.	The Hindi master's programme prepares the student for teaching positions and also for jobs related to translations .It covers a range of areas including history of literature ,modern poetry, medieval period literature , and prose poetry literature.	The specific outcomes of the programme are designed to provide the best of knowledge related to science of language and Hindi language. It also ensures specialized study of prominent writers and in depth study of indigenous Rajasthani literature
