Meeting

A meeting of the IQAC members was held in the office of the principal incharge and chairman of the IQAC Cell on October 12, 2019 at 4.00 pm. Following observations were made

The land filling work is now finished and the area is now being leveled. Norther side of the campus is hugely depressed and instead of filling it to ground level, if efforts are made to develop it as open air theatre then it may be more economical and better option. The committee feels that proposals for leveling should be obtained from PWD so that estimate may be found.

It has been informed that our college has been selected as RUSA beneficiary college and fund will be released soon in our PFMS account. BOG has been formed as per requirement of the RUSA.
