Meeting

A meeting of the IQAC members was held in the office of the principal incharge and chairman of the IQAC Cell on February 26, 2020 at 3.30 pm. The Committee reviewed the progress made during this year in the developmental work and made following observations

The College has received funds under RUSA and the amount of 1.00 Crore has been received in our account.

The college has written to the PWD to provide the estimate for class room construction, leveling work and renovation work. The PWD gave the estimate of around 148 Lakh for classrooms and 30 lakhs for leveling work.

It was observed that out of the 200 lakhs granted to this college only 100 lakhs can be utilized for new construction while PWD has given estimate of 148 lakhs. Therefore it was decided that the college shall write to the commissioner, College Education for permission to use the excess amount of Rs 48 Lakhs from the Boys fund of the college..

Also it was observed that leveling work of north west of the campus only be started so that we may develop a ground there. The North East part of the campus, where there is a depression of around 25 feet, should be developed as Open Air Theatre as it will be more economical than filling that area with a huge cost.
