

Internal Quality Assurance Cell

Veer Bala Kali Bai Government Girls College, Dungarpur 314001 (Rajasthan)

Date: 11.02.2021

Meeting

A meeting of the IQAC members was held in the office of the principal incharge and chairman of the IQAC Cell on February 11, 2021 at 3.00 pm. The committee approved the minutes of the earlier meeting and made following observations

Now that students have already started to come to college, the efforts must be made to maximize the number of classes to cover the courses as many students did not have the facility to internet and smartphones and thus could not take the full benefit of the online lectures uploaded on the website

The leveling work in the northwest has almost finished and the construction work has started. We have urged the contractor so expedited the work so that the fund may be utilized efficiently.

It was also felt that there is a need to cover the open area between the present building and the presently underconstruction building work. This is also important for the security of the students of our college as this will give it a closed structure. Also ramp is to be prepared alongwith this construction work.

Following members of the committqe were present
