

## **Veer Bala Kali Bai Government Girls College, Dungarpur**

### **Student Feedback cum satisfaction survey**

**2018-19**

Students were randomly given feedback form to provide their feedback about the institution and its education environment. Most of the students chosen subjects either on the basis of their interests and the marks obtained in those subjects (~41%) or on the basis of ease of admission and ease in passing (~46%). Around 79 percent students found the syllabus neither easy nor difficult. The same percentage of students observed that syllabus was completed more than 55 percent but less than 80 percentage while 10 percentage students responded that syllabus was completed 85-100 percentage. 59 percentage students were of the opinion that teacher did very good preparation for the classes while while 34 percentage observed it to be satisfactory. 32 percentage students found that teachers were very impressive in content delivery while 34 and 32 percentage of students found it to be effective or satisfactory. Majority of students were of the opinion that teacher has good behaviour and also that laboratories are well equipped. Students were not provided any help in filling the form and so it was observed that they left blank many questions that require written answers. Most of the students wants to study further after the degree here or wants to get job. Based on the feedback it was decided that more focus will be given to cleanliness and the feedback form will be updated next year so that students find it easy to fill the form.
