

## NATIONAL UNITY DAY CELEBRATIONS IN COLLEGE ON 31.10.22

Rashtriya Ekta Diwas is celebrated every year on 31 October to commemorate the birth anniversary of Sardar Vallabhbhai Patel, who was also the first Deputy Prime Minister and Home Minister of India.

### Sardar Patel – The man behind United India

When India got independence, Sardar Vallabhbhai Patel became the Deputy Prime Minister of India, as well as took over as the union Home minister.

When the British left India, there were about 565 princely states that had gained independence and were not in the Union of India at that time. Using his ability or military capability, Sardar Patel did a commendable job of uniting these states with the Union of India. He was very clear in his aim that the map of India should be united from its beginning to the end.

### Celebration

Rashtriya Ekta Diwas is celebrated all over the country with great enthusiasm and respect for Sardar Patel. In schools, special programs are organized where children are told about the life of Sardar Patel, his works and his contribution to post-independence India.

In our college a pledge was taken by the faculty for uniting our country. A run for strengthening the unity was done by the NSS Students.
