

REPORT ON Ph.D VIVA-VOCE OF DR. RAMBILAS MEENA

Ph.D viva-voce of Dr. Rambilas Meena was conducted on 29th September, 2023 at University of Kota with thorough scrutiny and thoughtful deliberation. The topic of research work was “**A comparative study of assessment of toxic heavy metals in raw and processed milk collected from rural and urban areas of Kota region**”.

The whole work was done under the supervision of Dr. Monika Dakshene, Professor & Head, Department of Chemistry, Government College Kota. The external examiner for evaluation of Ph.D. thesis was Dr. Mahesh Chandra, Professor, University of Delhi who engaged in rigorous questioning, leading to insightful discussions. Mr. Rambilas Meena commenced the viva with a comprehensive presentation, effectively conveying the research objectives, methodology, and findings. He demonstrated a deep understanding of the subject matter and addressed queries with clarity and confidence. The viva concluded on a positive note, with acknowledgment of the candidate's efforts and the significant contribution of the research to the academic field.
