

Government College, Karauli

Best Practices

Best Practice 1:

Green Initiative Green

initiatives within and outside the campus have been a significant contribution in raising environmental consciousness. Government College, Karauli green initiatives encompass greening the campus, sweeping away wasteful inefficiencies, conservation of energies, correct disposal and handling of waste, purchase of environment friendly supplies and effective recycling program. Approximately 530 plants were planted in the campus and outside the campus. For ensuring the participation of students in developing the greenery and environmental consciousness, students are promoted to plant trees in the neighbourhood of their houses. Waste disposal is being effectively executed. Separate bins for different types of waste are placed at appropriate places. Vermicompost unit is functional for disposal of biodegradable solid waste. The waste water produced from RO plant is utilized for watering the plants, floor cleaning and mopping. The major liquid waste includes effluents from toilets and the laboratories.

Best Practice 2:

Practice Topic : Health Awareness Campaign

A health awareness campaign was organized by the Government College Karauli to explain the importance of health awareness and to overcome the unhealthy activities that are becoming involved in day-to-day activities. Under this campaign, an attempt was made to create awareness among the youth about unhealthy habits. Under this campaign, lectures on various aspects of health were organized in collaboration with local medical authorities, as well as yoga camps and sports competitions were organized to promote good habits. In these competitions, 800 college students took part and through the yoga camp, they were introduced to such exercise activities which they can perform at their home without the help of any instructor. After this awareness campaign was conducted, feedback forms were filled with students for the next 3 months and health awareness in them was marked.
