

Govt. P.G. College, Jhalawar (Raj.)

IQAC Action Taken Report

The college has keenly attempted to achieve the targets proposed in the IQAC meetings. The auditorium of the college is going to be completed very soon. The library is fully automated and any student can approach to the library for books. Entire campus is fitted with CCTV camera and Wi-Fi. BSNL lease line is completed and campus has good Internet connectivity. Solar pannel is fitted on the roof of the building and working properly. To save water, a well managed rain water harvesting system is established in the college. Height of the college boundary increased now and construction of the reception room is completed. To enhance the academic excellency department of Chemistry, Zoology, Botny, Hindi, Urdu and Sanskrit have organised national webinars through online mode. The department of geography has succesfully organized 5 days 'Gyan Ganga' Workshop on Initiatives for Teaching-Learning Excellence in Geography. The college has also organized IPR workshop and faculty of science has organized 5 days instrumentation workshop in Collaboration with WRIC, Mumbai. To make the concept of green and clean campus reality, college has developed many green zones and planted more than thousand plants in the campus on different occasions.
