

Government College Hindaun City (Karauli)

Best Practices

Session- 2015-16

1. Plastic Free Campus: Plastic is harmful material which is not biodegradable. PFC is dedicated to helping college fight single-use plastic pollution worldwide. PFC helps college make a difference for the environment and our own health.
2. Cleanliness: Cleanliness is one of the best practices a human being can process. Cleanliness refers to keeping one's self and also the surroundings clean and tidy. It is considered as an essentiality for a civilized society. Since decades, eminent politicians and notable public figures have been stressing on making cleanliness a habit.
