Action Taken Report on feedback received from students 2020-21

Response/Suggestion	Action Taken
Provide all information at the proper time.	The college has a website that is updated regularly with every new notification and information. There are WhatsApp groups also for every section of each class to circulate information at the time. Information is and should be provided well in time.
Extra practical knowledge should be given.	Many student-oriented programs (Student Developing program) Basic Computer and Software skill and Basic instrumental and lab techniques (BILT) are conducted to increase the practical knowledge of students.
There should be a Parade ground in college.	It is because of the bifurcation of the college campus into three individual colleges. But the college has a basketball ground and an open stage area for students. There is a volley ball ground also which also is suitable for the purpose. There is an open stage area for students.
Online classes should be provided at the time of vacations.	The college has a YouTube channel loaded with online lectures on each subject and paper. There is a class-wise and faculty-wise playlist which have respective lectures.
The syllabus should be completed	The syllabus is completed in offline classes. If the syllabus is left then it is completed through online classes.
Teachers should motivate their students to participate in other activities along with academics.	Teachers always motivate and encourage their students to participate in NCC, NSS, Women Cell activities(rangoli making, poster making essay writing debate, etc.), Games, Cultural activities, KARYA Project by DST, and other Government programs As a result students participation is increasing.
Coach for games should be provided	The college has demanded a permanent PTI from the Department of college education, Jaipur. The college also provides a temporary coach before games and sports events.
