16. Suggestions regarding curriculum.

- The curriculum should be job-oriented.
- The theory part overweighs the practical and career-oriented approach of the subject.
- Marks of the term test should be added to the final result.
- paper only divided into 5 units .
-

17. Any other suggestion

- The extension of ICT facilities for online studies may be beneficial for students.
- Number and facility of smart teaching to be enhanced.
- Infrastructure can be improved.
- students should be motivated to earn while learning by giving some projects which can make them confident and self-reliant.
- Project works of students should be beneficial for society and the environment.

16. What had been your disappointments related to course curriculum, infrastructure, academic environment, teacher-student relation, etc? Please specify.

- Vacant posts not filled timely
- The infrastructure of science labs should be improved.
- The intermingling of the students lacks due to the unavailability of a proper common room or play grounds.
- The teacher-student ratio is inappropriate, t an insufficient number of teachers, and curriculum is not job-oriented.
- Shortage of teaching & non-teaching staff.
- Workload other than teaching is disappointing.
