- 16. What had been your disappointments related to course curriculum, infrastructure, academic environment, teacher-student relation etc? Please specify.26 responses
  - Job oriented studies must be started so students will get more job opportunities.
     Should be more student friendly and carrier oriented •
  - 2. lack of staff
  - 3. Curriculum is lengthy
  - 4. Additional infrastructure for research activities required
  - 5. Extra curricular activities interfere in teaching
  - 6. More Toilets and Waterhuts are required Frequent exchange of academic n cultural activities amongst Students and teachers is suggested.

## 17. Suggestions regarding curriculum.

- Felicitate more practical approach
   More practical approach is beneficial for students
   More practical aspects should be introduced in curriculum
   Their should be proper balance between the academic activities and extra curricular activities for all round development of the students. There should be a department for compulsory subject teachers also. Thanks.
   Need of Updation in library and computer lab
  - 6. Field visit and small projects for students should be compulsary part of syllabus
  - 7. Practical exams may be held before Theory exams
  - 8. Practical exams may be conducted before Theory exams
  - 9. Field Visits
  - 10. Field work and experiential learning can be promoted.
  - 11. Student participatory approach should be taken into consideration
  - 12. Competitive/job exam based class should be organized
  - 13. Lack of faculties and subordinate staff is troublesome for higher studies
  - 14. Sports and more student related activities required for their overall development.

## 18. Any other suggestion
