

# **KARYA (Knowledge Augmentation through Research in Young Aspirants)**

## **Objectives**

Globally advancement in basic sciences is happening at a very fast pace and new areas are also emerging like nanotechnology, biotechnology, computational science, mathematical modelling, cognitive science etc. To provide exposure to new areas like nanotechnology, biotechnology, computational science, mathematical modeling, cognitive science etc. in basic sciences and to work on new problems with the help of latest instruments and mentors available at institutes of immense, a new programme “Knowledge augmentation through Research in Young Aspirants” (KARYA) has been initiated by Department of Science and Technology, Government of Rajasthan.

## **Context**

Under KARYA programme students from basic sciences (Physics, Chemistry, Mathematics, Zoology and Botany) studying in State Government, Universities, Government colleges will be provided an opportunity to work on projects at prestigious institutes like DAE, DBT, IIT, CSIR, DST, ICAR, ICMR and others for 8 weeks during summer vacations. The selected students will be provided fellowship for meeting out expenses during programme.

## **Selection Criterion**

Academic record, Plan of work and Availability of position (seat) at institute

## **Evidence of Success-**
