Research Policy

Research and extension activities are integral to teaching in higher education institutions. The College has a dynamic process of education with an ambience for constant updation of Teaching, Learning, Evolutions and Research methodologies. This provision of updation is possible only through a vibrant research aptitude. Research makes it possible to create knowledge, innovation and new insights of extension activities and making the teaching more systematic and vibrant. Janki Devi Bajaj Government Girls College, Kota has significant place for research activities and encourages all staff members and students to involve in the outcome based research.

- To promote multidisciplinary research and education in basic sciences and applied areas of sciences.
- To enhance the research capability of the college by engaging faculty members in research that integrates the education of a diverse populations of students, especially the first generation learners and underprivileged.
- To courage for partnerships, collaborations and outreach programs of initiatives which amplifies the social participatory approach.
- To develop research and educational qualifications with larger communities- e.g. industries, minority, institutions and institutions of higher learning.
- To encourage and support socially relevant and need based research coupled with human values
- To provide a rich intellectual environment for collaborative research among faculty and students from various departments

Policy for Promotion of Research

In order to promote research activities the college has established the "Research cell" and "UGC cell" that deals with all research projects funded by various funding agencies in order to facilitate the research and development activities live conferences, collaborations, establishing network with other institutions in the country as well as abroad. The college has established the cell to take care of smooth processing of administrative matters related to research. The college encourages its faculty to apply for research projects from international and national funding apart from higher education offices and industries. The qualified faculty members are eligible to guide Ph.D. research scholars in accordance with Ph.D. regulations of University of Kota, Kota. All eligible assistant professor with prescribed years of experience are encouraged to pursue Ph.D. degree and also encouraged to publish required research papers and articles to get the recognition as Ph.D. supervisor.

Ethics In Research

The college gives utmost importance in encouraging its faculty to follow ethical guidelines established by the college and the UGC in carrying out the research activities. Plagiarism check is another important aspect that the college insists for all Ph.D. Scholars. The thesis must go through plagiarism check and the certificate is to be submitted with the signatures of both the research scholars and research guide concerned before submitting to University. The plagiarism software is made available by University of Kota to the research supervisors for the checking of thesis/etc. research papers. The college encourages departments to conduct workshops and awareness programs on Intellectual property right (IPR), patents and ethics in research. The college adheres to University Grant Commission (Promotion of academic integrity and prevention of plagiarism in higher educational institutions) regulations, 2018

Research Publications

The college encourages faculty members and research scholars to get the research work published in peer revised/indexed Journals as well as to present the research work in conference resulting in ISBN/ISSN numbered proceedings. DST-FIST laboratory was established in chemistry department in the year 2009-10. Instruments like FTIR, U.V. visible spectrophotometer and muffle furnace are available in the laboratory for performing the research work. Annual research seminar is celebrated every year to review the progress of research work carried out under the different projects and for Ph.D. thesis in different subject.
