

## **Details of the performance of the institution**

We strive in making model students by imparting value based education. Our Objectives are to inculcate patriotism and leadership skills, to empower women, to arouse social consciousness, to counsel the students to contribute to national development conceived and initiated with the avowed aim of arousing nationalistic pride, imparting information and providing a platform for collective thinking and community feeling (strategizing future course of action).

The practice of teacher student interaction has an added significance and relevance in present times when gross materialism and consumerism have overridden ethical and patriotic values. Knowing that values are imbibed rather than taught, the college has adopted this practice to counsel the students and inculcate those values that are needed to live in a pluralistic society and contribute to national development. Having a directly elected student's council body is a learning process for leadership skills.

Thought for the Day is given to instill values among students and arouse the intellectual, moral and social consciousness of students. The thought provoking Pearls of Wisdom and the collective counseling prepares every student to raise oneself intellectually and morally so as to face the stem realities of life, build confidence and courage. Each student of the college is expected to look at himself as the ambassador of the college and conduct oneself with dignity that is worthy of the institution.
