

# **B.B.D. GOVT. COLLEGE CHIMANPURA (SHAH PURA), JAIPUR**

**2017-18**

## **7.3.1 Provide the details of the performance of the Institution in an area distinctive to its vision ,priority and thrust.**

The college is located in the Chimanpura village of Jaipur district. Most people of the population here are below the poverty line. Agriculture is the main occupation and literacy rate is very low. The college for higher education was established in the year 1969 to bring about a change in the socio- economic conditions of the population. The presence of co-educational college in this area has brought about a dramatic change in the basic thinking of the people in and around Chimanpura. Apart from education in the fields of Science, Commerce, Education and Agriculture, the students are enrolled in activities like NSS /YDC/NCC at the time of admission, in order to skill them with other attributes required by the students to improvise and alleviate their self-confidence , gain knowledge and become more bold to explore and face the future avenues.

Sports play an important role in holistic development. It brings about the sense of leadership, teamwork and perseverance. With this view students were motivated to participate in various sports activities being organized in the vast area available in the college, with the result many students got the opportunity to play for a college, university and at state level sports competition and brought laurels to the Institution.

Students do not face any gender discrimination in the college. Both boys and girls are given equal opportunity to compete and coexist in a safe , cordial and peaceful ambience of college.

The strong teacher taught relationship with a transparent management system is the trademark of the institution, the students from weaker sections are given extra help to bring them into the mainstream. Students are promoted to respect their culture and explore the goodness of our own rich heritage. They are exposed to an IT- friendly and eco-friendly atmosphere. The emphasis on English and Hindi language and communication skills, providing educational infrastructure, specially access to computers and internet and also the traditional infrastructure such as library and classrooms has brought a new vision in the students of this rural area.

The impact of grooming is quite prevalent when we see the influx and passing out students. Many students develop interest in higher education and pursue the same in the renowned universities in metro cities and are able to bring pride to themselves, their parents and the small village where they belong ,along with the Institution.
