

2.7.1 Student's Satisfaction Survey (2020-21)

2.7.1

Feedback Obtained In order to ensure constant growth of the institution and progress of the students. we have put an effective feedback mechanism in place that collects, analyses and implements suggestions from the students to make academic, infrastructural and policy improvements in the college. A suggestion box is placed in administrative block of the college whereby any student and any other stakeholder can drop his / her suggestion regarding the efficient functioning of the college or it's enrichment in any aspect. The students were required to submit their feedback through their e mail id on the college mail id created for the same purpose. They were frequently reminded for this on their WhatsApp groups when they were restricted to come to the college owing to the covid protocols. The analysis of such feedback is done on an institutional level. Feedbacks were received in appreciable numbers. All the senior faculty members discussed the problem of the students keeping their feedback reports in mind and came out with the possible suggestions.
