Innovative skills :-

- (1) **Lesson planning** : In classroom teaching we generally engage our students with interactions. We provide direct instructions of the content through notes, current updates of subject, models, charts, power point presentation etc.
- (2) **Problem solving skill/ Interaction with students and parents** : To maintain positive environment in teaching we interact with students as well as parents time to time. We discuss the problems of students in front of their parents and find solutions to resolve them. This interaction helps in improvement of students academic performance.
- (3) **Time management** : Completion of syllabus in time is our priority. We regularly take classes according to our time table and give assignment to students time to time to evaluate them.

(4) **Quality Teaching skills / Teaching methods:** we used to adopt effective teaching methods in the form of lectures, group discussion, practical, problem solving methods.
