## Student Satisfaction Survey 2019-20

On the Assessment of feedback from student suggests that 95.03% of the surveyed students liked the college campus . 81.36% student are satisfied with cleanliness of campus , 69.56% with facilities of toilets and its cleanliness . Majority of the students i.e. 87.57 % are satisfied with drinking water facilities and 94.40% are with furniture provided by the college administration . A major and most important point revealed after assessing the feedback given by students that 85.71% students are satisfied with the laboratories and 78.88% with library but 21.11% of the surveyed students are not satisfied with library facilities and showed keen interest for making competition related books available in the Library . Above 90% students expressed that the main objective behind the admission in the college is to get higher education . 89.44% of the surveyed students expressed their satisfaction with regards to class room teaching and e- teaching and 83.22% are satisfied with e-study material provided by teachers. Majority of the surveyed students showed proclivity towards technology oriented education . After assessment of the feedback form it is also clear that 26.08% of surveyed students assessed college academic environment as excellent , 44.72% very good and 28.57% assessed good . Most of the students are satisfied with the student- teacher mentoring in the college . The faculty always extends their helpful hand to the students apart from the regular time scheduled classes. Our faculty is ever-ready and ever-willing to counsel and help. 56.52% the students are found to be satisfied with the scholarship facilities provided by college (social justice and Empowerment Department) and almost half of the surveyed students showed their dissatisfactions about it. 62.21% of the surveyed student have enthusiastically shown participation in sports related activities organised by college and shown satisfaction. In the feedback analysis showed that literary , culture , sports, scout -guide , NSS and skill development related activities are the point of attraction for the majority of students . 88.81% of the students are found to be satisfied with the proper allocation of subject combinations among the students.
