

GOVERNMENT GIRLS COLLEGE, CHOMU (JAIPUR)

IQAC REPORT (2021-22)

The college IQAC team made concert efforts amid of covid-19 for innovation in new techniques of teaching and learning. The faculty prepared new YouTube videos and PDFs on different subjects, topics for the integrated study of students. They also shared videos/ PDFs with the student in respective whatapp group. To maintain student-teacher relationships with mentor-mentee system was continued. Student's problems were solved through WhatsApp groups. Our students actively participated in several programs like voter awareness, women literacy, cleanness drive, environmental conservation, Ek Bharat Shrestha Bharat, Beti Bachao Beti padhao, rainwater conservation techniques, plantation etc. and proved themselves as a responsible citizens. Simultaneously, the IQAC encourages the faculty to increase their academic capacity. In the year 2021-22, the faculty members had participated in 11 FDPs/STTP workshops successfully .To pace with the present challenges in the field of higher education, our faculty was dedicated to enhance their knowledge. They attended a large number of National/ International webinars on different areas of higher education. 18 Research papers were published in reputed peer reviewed/ refereed journals. Our college had organised 4 International webinars in which a large number of candidates participated. On the basis of action plan, the feedback was taken through Google forms by parents, teachers and students. These feedback forms were analysed and conveyed to the concerned authority for betterment of the college. To improve drinking water facilities, as received from last year feedback, a bore well was done in the College.
