

Government Girls College ,Chomu, (Jaipur)

Report science and Eco club 2021-22

The moto of 'Vigyan and Eco club' is

- To make students conscious about environmental issues and its protection
- To create interest in science
- To look at things scientifically

To achieve this we organised different competitions

- Essay on 'role of women in environmental conservation'
- Rangoli -theme science based
- PPT presentation on 'different aspects of environmental conservation'
- Plantation was done and bird feeders were place in collaboration with NSS /Ranger unit of college
- Activities like spreading awareness about environmental conservation, use of solar energy, rain water harvesting ,waste management in community were given to the students in Anandam.
