

Institutional Distinctiveness (2018-19)

The College achieved the distinction of being recognised as Research Centres by the University of Rajasthan in the subjects of Chemistry, Political Science and Geography. This reflects the deep interest of faculty members in research. They vividly understand that research is the creation of new knowledge and/or the use of existing knowledge in a new and creative way so as to generate new concepts, methodologies and understandings which includes synthesis and/or analysis of previous findings to the extent that it leads to new and creative outcomes. The primary purpose of research is to expand the existing body of knowledge by providing solutions to different problems in various fields of study.

In order to develop and encourage research, Academic leave is granted for attending conferences, seminars and workshops, both within and outside the State. Faculty members are encouraged to undertake major and minor research projects in collaboration with recognized government and non-government organizations. Young entrants to the profession are also motivated to go for their Ph.D. degrees in their chosen fields.

This is amply visible in the vast areas of research being carried out in the College. The College boasts of many faculty members actively engaged in research in the faculty of arts, science and commerce. Not only faculty but the students are also encouraged to make student projects in pursuit of expertise in their respective fields.

The Major Research Project, sanctioned by the DST, Rajasthan in the Department of Chemistry progressed smoothly in its final leg while one scholar continued working for her Ph.D. work in Chemistry. Three research scholars continued their doctoral work in the Department of Geography and two in the Department of Political Science. Another student (Ms. Deepika Chawla, RGNF) continued her work for her Ph.D. in the Department of E.A.F.M. A large number of faculty members attended conferences and presented their research papers among their peers and a multitude of research papers were published in acclaimed journals.
