

### 6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

The IQAC (Internal Quality Assurance Cell) conducts regular meetings, invigilate and interrogates different departments of the institution regarding implementation of suggestions of previous meetings. After analyzing the responses it ensures its utilization for qualitative improvement in overall working of the institution. Academic and administrative audits are also conducted, with subsequent actions initiated based on suggestions and recommendations. The IQAC's overarching strategy is to cultivate a learning-centric environment, effectively implemented through college initiatives aimed at enhancing students' higher education experience and granting them greater control over their academic learning. After covid-19 IQAC ensured that such calamities don't interrupt studies of the students in future. Hence teachers are encouraged to provide classes through online mediums on their will. Many faculty members doing that in effective and regular manner. IQAC ensured that section wise whatsapp groups are formed to keep students in touch of their teachers and convey important academic information to the students. Concurrently, the IQAC prioritizes campus greenery, involving NSS volunteers and NCC cadets in various initiatives. Notable features such as the botanical garden, Gandhi vatika, and Rohida park contribute to making the campus environmentally friendly. The college actively seeks feedback from parents, students, alumni, and teachers through various online platforms, ensuring responsive actions are taken based on their input.
