

## **GREEN POLICY:"A GREEN CLEAN CAMPUS"**

Seth RL Saharia Government PG College, Kaladera has undertaken the "A Green Campus" initiative to create a complete green, clean and sustainable environment and to implement practices that will lead environmental friendly and ecologically responsible decisions and lifestyles inside outside the campus.

The implementation of "A Green Clean Campus" Policy has the following objectives:

### **Objectives**

2. To enrich the greenery in the campus by promoting annual tree plantation activities
3. To sensitize the staff and the students on environment issues and eco-friendly lifestyle.
4. To promote "Zero Waste Lifestyle through "Recycle & Reuse" Practice.
5. To implement effective waste management measures.
6. To establish a complete "Plastic Free Zone".
7. To implement environment friendly activities outside the college campus.

### **Measures**

**Preserving and Protecting Native Green Cover:** The College is blessed with a rich cover of green forestry. New plants are planted every year under various college activities. Students of NSS and NCC are involved in sapling plantation, preservation of flora and indigenous species.
