## FEEDBACK ANALYSIS REPORTS & ACTION TAKEN REPORT (ATR) 2020-2021

### TEACHER'S FEEDBACK ANALYSIS REPORT

As per the meeting held on 27-03-2021 under the auspices of development committee and under the Chairmanship of Principal, Feedback surveys were discussed. It was decided that the IQAC committee will prepare the Action Taken Report (ATR) on the basis of feedbacks that had been collated from stakeholders. In context of above assigned responsibility the IQAC committee has prepared this Feedback Analysis Report and the Action Taken Report to proposed action plans to eliminate shortcoming surfaced out from the feedback surveys of stakeholders.

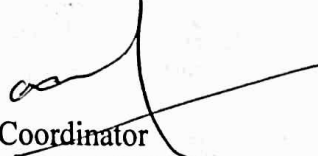

The institute being an affiliated college under the University of Rajasthan has to abide by the regulation of the said university. It has been emerged a common out come from the survey that the university takes care of the relevance and currency of the programs. It has been a unanimous point that Teachers role in the design of curriculum should be taken seriously. Further, Teachers Feedback Survey also indicates the need of assessment of examination pattern along with evaluation and marking system. At college level, basic infrastructure for classrooms should be better and needs to be improved. Most of the Teachers are not satisfied with the available building space and with ICT facilities. Teachers have also indicated the need of proper infrastructure to facilitate to Conferences, Seminar and the research facilities.

### ACTION TAKEN REPORT ON TEACHERS FEEDBACK ANALYSIS

This committee proposes the request to all faculty members who are also members of Board of Study (BOS) UNIRAJ to raise their respective concerns and provide their suggestions during BOS meetings. It is also requested to all BOS members to prepare a comprehensive Curriculum Report so that the same can be presented during the BOS meetings for curriculum improvement. Further, suggestions should also be clearly coupled with their relevancy in their respective submission.

As far as ICT Facilities are concerned, this report suggests the establishment of adequate Wi Fi Hotspots to make the campus Wi-Fi enable. This submission proposes to improve facilities like projector and audio system and proper sitting arrangements in two hall, one E-smart class and other Hall (1,2) for Seminars, webinars, Conferences and other research related or oriented activities.

The basic infrastructure for classes-rooms, laboratories and building repair and some important issues have already been focused and authority is taking every possible measure to improve the conditions of classrooms and laboratories. the stakeholder l's making unconditional efforts for the development of the institutions, which are already at forefront of the action plan of CDC and college authority. The college authority is taking every possible measures to improve the infra facilities in class rooms and Labs. Further, college authority with the assistance of the all stakeholders is making continuous efforts for the development of the institution.

## STUDENTS FEEDBACK ANALYSIS REPORT

The Students Feedback survey has been carried out in offline mode by their submitted feedback forms. The sample size was 195 with marginal error of 5. From the analysis of feedback it is revealed that students are not satisfied with the examination pattern and evaluation process and have mostly given poor rating to the related questions. Students also indicated serious necessity of assessment of university syllabus. Student's feedback also indicated the need for ICT Facilities for Students. Feedback indicates classrooms infrastructure is also placed in the list to be improved. Further the library system also got poor rating and students indicated the need of reading rooms and hassle free operation of library. E content quality is also indicated as not up to the mark. Students also not satisfied with the Innovation and Skill Development cell as students indicated that the activities and their dates are not widely circulated.

### ACTION TAKEN REPORT ON STUDENTS FEEDBACK ANALYSIS REPORT

As per outcomes from student feedback reports, IQAC as an action committee proposes that BOS UniRaj members of the college should extensively discuss the need, type, and relevancy of curriculum improvement. Further, detail deliberation regarding evaluation process and examination pattern should also be taken up in formal or informal meetings of faculty members. As far as ICT facilities for Students are concerned, the committee proposes that library's Wi-Fi hotspot is to be shared with students who are found sincere. This committee strongly recommends taking up digitization of library and speed up automation process. Further students should also be registered in INFLIBNET and allowed access to national and international journals through college credentials or as available. In this regard, students should be given academic knowledge to use such advance tools, especially to PG and research students. Further information regarding Innovation and Skill Cell should be widely published and circulated. To ensure proper circulation the committee proposes create WhatsApp groups by mentors to provide all such information. Further, a careful Study is also needed to be carried out to map the required facilities for especially abled students.

### STUDENT SATISFACTION SURVEY FEEDBACK ANALYSIS REPORT

This feedback analysis is based on feedback collected from 192 students in offline mode through printed feedback forms. The primary concern emerged from feedback analysis is the need of improvement in library E Content availability, its quality and classification of E content. Some other areas scored poorly by students are facilities during examination. The SSS also underscored the need of sports grounds, urinals (boys and Girls) and building repair. Further Drinking water facilities and green campus are also some point where students demanded improvement.

### ACTION TAKEN REPORT ON SSS

On the basis of SSS analysis report this committee propose-

- Speed up library automation this committee.
- Improvement in quality of E-content with their respective links on college website
- Facilities during examination like cold water, fans, Light, furniture, proper display of Roll no, rooms, and parking should be revisited and improved through a proper committee.
- Space for grounds for badminton and basketball space should be explored and should be taken up through college development committee (CDC).
- New urinals and building repair will be taken up through CDC.
- New bore well should be drilled and old one should be taken up for repair.
- This committee proposes development of garden and carpet grass field within campus to make the campus beautiful.
- Administrative Block Repair, coloring, Interlocking tiles, urinals (Boys& Girls) basketball, Badminton ground to be taken up through CDC.

## ALUMNI FEEDBACK ANALYSIS REPORT

Alumni feedback report is based on 31 responses collected through feedback forms. The alumni have unanimously opined that they are proud of the institution and are willing so contributed in the development of the institution. Almost all alumni are willing to join the alumni association to be registered. However some areas that needed so be improved from feedback data.

Alumni feedback shows that alumni are expressed their concerned regarding frequencies of meetings. Further alumni raised some question like library, book availability and students access E-journals. Alumni also opined to arrange competition books, magazines and motivational seminars. Alumni also demanded through their responses that they should be duly informed about the actions taken over their advice and suggestions.

### ACTION TAKEN REPORT ON ALUMNI FEEDBACK ANALYSIS

This committee suggests immediate registration of Alumni Association (if not done earlier). It is also suggested that formation of an Alumni Committee with inclusion of teachers who are local one and alumni of this college. This committee also strongly advocates to increase the number of meetings of Alumni committee in an academic session. Further all alumni should be invited in all big and important events of the college All implementation of their suggestion should be properly communicated to them. Alumni Association Committee should take every possible endeavor to ensure financial assistance from alumni with due mechanism of credit to them.
