Subject: Regarding Research Papers, Patents and Books Published and Awards & Recognitions (National/International) Received by Faculty Members / Ph.D. Students / Post Doc Scholars / Fellows

Dear Madam/Sir,

It has been generally observed that, a big chunk of faculty members and researchers fall prey to the conjecture of publishing their research work and books in sub-standard journals, magazines and/ or in conjunction with largely paid local publishers {which also leaves ample room for vices like plagiarism to jeopardise the authenticity of their work}; rather than in reputed journals and with top notch publishers. This very practice is quite rampant in Govt. colleges of Rajasthan and elsewhere in India and **it directly sabotages the overall standards of higher education, thereby deleteriously impacting NAAC grade**. It is therefore poignantly recommended that, instead of amassing quantity in terms of publications, the academic fraternity focuses on quantity and excellence as envisaged by policy makers and education administrators.

Since, National Education Policy (NEP) - 2020 envisions the development of active research communities across disciplines (Para10.1) as well as encouraging research-intensive universities (Para 10.3) through institutional restructuring and resources, we intend to gather vital information apropos research activities across the government colleges of Rajasthan.

To this end, all the colleges are hereby directed to submit the details of research papers (**published ONLY in UGC CARE (with ISSN) listed journals, Scopus and Web of Science Indexed journals**), Books, Patents (published / granted), Awards & Recognitions (National / International) received by Faculty Members and Research Scholars with SPD-RUSA at spdrusarajnaac@gmail.com latest by **30.04.2024**.

Also please share a brief profile (biographical sketch along with relevant documentary proofs etc.) of faculty members and research scholars actively involved in academic and professional research having a proven track record of publications in journals with high impact factor. It is proposed that, acclaimed researchers are felicitated at the Commissionerate level and their

candidature is recommended for recognition at other key platforms. The information thus received will be used to create a database of academics and researchers working in the Government Colleges of Rajasthan.

This is an earnest attempt to revamp and revitalize the higher education machinery in Rajasthan. A report based on the said data will be shared on the CCE website. Please also upload the information on your college portal as the same is ought to be reflected in public domain. You are required to please ensure that, the desired documentation is meticulously tailored and shared on or before the given deadline.

This bears the approval of competent authority.

Copy for Information and necessary action:

1. S.A to Honourable Minister (Higher Education)
2. P.A to Principal Secretary (Higher Education)
3. P.A to Joint Secretary (Higher Education)
4. P.A. to State Project Director (SPD), RUSA
5. IQAC Coordinators of Government Colleges
6. R & D Cell Convenors of Government College
7. CCE Website Coordinator (for uploading)
