

ACTION TAKEN REPORT ON FEEDBACK

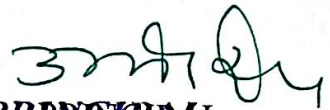

SESSION 2022-23

According to feedback form, all the students are satisfied with questions related to syllabus, yet it is needed to change according to time.

Academic staff solves problems of students related to syllabus. Healthy environment is created to improve teaching and learning process. Syllabus is completed in stipulated time yet extra classes are conducted for weak students and notes are provided to them online as well as offline.

Although there is healthy teaching learning environment yet college administration tried for better management and result.

There is no librarian and library staff yet college administration makes proper arrangement related to book distribution with the help of academic staff and ministerial staff.
