Introduction to libraries. A library is a location on a site where you can create, collect, update, and manage files with team members. Each library displays a list of files and key information about the files, which helps people to use the files to work together. You can customize libraries in several ways.

Introduction to libraries. A library is a location on a site where you can create, collect, update, and manage files with team members. Each library displays a list of files and key information about the files, which helps people to use the files to work together. You can customize libraries in several ways.
