31.03.2022	Field Work- Visit to the Beekeeping site	Sardarshahr Road, Taranagar	29

A Brief Abstract of the Event

A field visit was organized by the Department of Zoology in Taranagar on 31st March 2022. The visit was based on beekeeping. The beekeeping site was about 1 km away from the college campus. About 29 students were participated in this visit. During this visit, the importance of beekeeping was explained by the beekeepers. They explained in detail about the life cycle of bees, food habitat, flight mechanism, maintenance of hives, social life etc. of Honey bees. Economic importance was also briefly explained by them. The beekeepers also explained the importance of products produced by bees such as honey, bee wax etc. This visit was very useful for increasing the knowledge of students about beekeeping.
