A Brief Abstract of the Event

An educational tour was organized on 15 February 2023 for P.G. students to the National Research Centre on Equines (NRCE), Hisar located in Hisar District of Haryana by the Department of Zoology, Maa Jalpa Devi Government College, Taranagar. Hisar is about 106 km. away from Taranagar. The tour was coordinated by Mr. Hans Raj Parihar, Head Department of Zoology. The students learned about the various aspects of breed production of equines. They visited the animal house and learned about various type of laboratories used in research work. The scientists of NRCE talk about historical aspects, different species, world equines population scenario, important breeds of equines etc. They also share information about tools used to protect and riding of horses such as horses shoe, types of horse bit, etc. This trip was actually very meaningful and knowledgeable for students.
