Attainment of POs and COs

Government Girls College, Sadulshahar, district Sriganganagar is an educational institution in North Rajasthan which is committed to working in the field of Higher Education to empower the girl child. The curriculum design and delivery in the institution aim at overall and holistic development and competence of students. The graduate and postgraduate programmes equip the learners for job opportunities in central and state government services. The programme outcomes and course outcomes primarily aim at imparting knowledge and skills which is critical for building students' competence and personality. There is no definite mechanism of measuring the attainment of outcomes, but a broad criteria for monitoring and evaluating the course outcomes and programme outcomes includes monthly test, quiz in class, group discussions and revision tests, participation in co-curricular and extra-curricular activities, progression of students to higher classes and employability and selection in jobs.

POs and COs of all the academic programs are best reflected in the University examination results. The paper pattern of the annual theory and practical examination of each course tests the understanding, knowledge and skill that's students acquired in their subject. Results are made available by the University at its examination web portal univindia.net. is accessible to every student and college can also access it using credentials provided by the University. The results are stored in the form of TRs.(Tabulation registers) provided by affiliated university. The performance of students in exam is analyzed by faculty members for different purposes such as filling the annual statistics booklet, AISHE and to fill ACR/PAR. IQAC monitors, discusses and takes requisite action in this matter. Programme and course outcomes are also discussed and evaluated in the Academic Council and Board of Studies in the affiliating University. Our faculty members take part in these meetings to represent the institution. The faculty is also encouraged to update their subject knowledge and keep pace with changing trends in teaching methodology and delivery by pursuing higher studies, participating in faculty development programmes and seminars.

Following facts prove attainment of course outcomes and programme at college level:

- Pass percentage of students during last 5 years has been more than 95%.
- During the last five years seventy two students pursued masters programme in this college, whereas many students entered higher education in district colleges.
- Our student Miss KomalMunjhal was awarded Gold Medal for standing First in M A Home Science Examination 2020.
