

## GOVERNMENT GIRLS COLLEGE, SADULSHAHR

### Institutional Distinctiveness

As former prime minister Pandit Jawaharlal Nehru once said, “If you educate a man, you educate an individual, however, if you educate a woman, you educate a whole family. Women empowered means mother India empowered”. The role of women in society is equally significant as men. Be it as mother, daughter, sister, or wife, she plays each role with affection and care. She can hold powerful positions in society such as a leader, an educator, an entrepreneur and much more. She has an infinite potential to reform Society and the world.

Since its Inception in 2008, the education of the girl child has been the key thrust of Government Girls College, Sadulshahar which is the small town in district Sri Ganganagar, Rajasthan. People are still traditional and still not opt to women empowerment. Most of the girls lack familial support to pursue higher education and career. The vast majority of students are compelled to get married at an early age. There are not many job opportunities in and the men are basically into ancestral business. Besides many girls come from minority community where education is not considered to be an asset. To overcome this mind set the institution is committed to working in the field of Higher Education to empower the girl child. The institution not only provides quality classroom education but try to holistically develop the students through several club and activities which expose them to the need of the society through NSS, Rangers and Eco Club, Science Club, Sports, Placement and Skill Development Cell etc. As the main aim of the institute is to contribute to the Welfare of the society through the upliftment of women who are nurturers of the society the goal to develop the girl child through education has remained our best hope as we move ahead in the Twenty- First century.
