

From the pen of the principal...

Karmanye vadikaraste ma phaleshu kadachana,
ma karmaphalaheturbhurma sangostav akarmani

(Shrimad Bhagavad Gita, Chapter 2, Verse 47)

(Perform your duty but do not have any expectation of the fruits. Let not the fruit of action be your motives, nor let your attachment be to inaction)

This verse from Shrimad Bhagavad Gita speaks of being dedicated to do your job and develop skills for uplifting yourself.

The responsibility of any educational institution is to produce creative individuals who are continuous learners, critical thinkers and develop vision, and hence, can contribute to the society productively. At Government Girls College, Sadulshahar that mainly caters the need of girl-student learners from adjoining rural areas, we strive to maximise the student's potential in its pursuits for learning, and reaching the optimum. The College, located in the heart of the town, provides good academic ambience laying emphasis on regular classroom learning along with holistic development through many co-curricular activities. The College offers 40 subject combinations in Arts and Science streams in undergraduate programmes, and four postgraduate programmes in Arts stream. The College runs NSS, Rangers, Mahila Prakosht including Mahila Niti and Udaan Scheme, sports and games activities, and many more activities to strengthen the potential of student learners to develop a balanced persona. Our girls have won accolades and medals in martial arts, Qwan Ki Do, Karate, Wushu and Pencak Silat at Inter- collegiate and Inter- universities tournaments. In the coming time the College intends to develop curricula of short-term courses in lines of NEP 2020, that are more skill oriented, and are beneficial for the students with respect to integrating in the job force.

There is a famous proverb 'If you educate a woman, you are educating a family', but here I believe that if you educate a woman, you are educating a nation. Welcome to Government Girls College, Sadulshahar and fulfil your dreams!
