

GOVERNMENT COLLEGE KINVSAR

Action Taken Report

The feedback provided by students highlights several critical areas requiring attention for the academic and institutional development of Government College Khinvsar. The report evaluates key themes, acknowledges the progress made, and provides clarification regarding certain recommendations.

Progress and Implementation Status

Infrastructure Development

1. **Library:**
 - A proposal for establishing a fully equipped library, including digital facilities, has been prepared. The allocation of funds under the **PM USHA scheme** will prioritize this development.
2. **Classrooms and Furniture:**
 - Plans to construct additional classrooms and procure adequate furniture are underway. Funds have been requested and will be allocated as per PM USHA guidelines.
3. **Sports Facilities:**
 - The construction of a sports ground and running track, along with the maintenance of existing facilities, has been included in the developmental plan. Implementation will proceed after budget approval.
4. **Basic Amenities:**
 - Measures to improve water and sanitation facilities, as well as ensure regular cleanliness, are being actively pursued.

Academic Improvements

1. **Faculty Shortage:** The recruitment of permanent faculty across all subjects remains a key focus. Requests for additional faculty positions have been forwarded to the appropriate authorities.
2. **Introduction of New Programs:** Proposals to introduce **B.Sc. (Science)** and postgraduate courses have been submitted to appropriate authority.
3. **Integration of Technology:** Smart classrooms have been proposed, with funding allocation in process for the procurement of necessary equipment.

Extracurricular Activities

1. **Educational Tours and Field Trips:**
 - Plans to organize regular educational tours and field trips have been initiated.

Administrative Suggestions

1. Student Union Elections:

- The reinstatement of student council elections is not within the purview of the college administration. This matter is subject to decision by the **State Government**.

2. Motivational Programs:

- Periodic motivational programs and student-teacher interaction events are being planned to foster a positive academic environment.

Conclusion

Significant progress has been reported across several areas, with a majority of the recommendations being addressed through proper planning and fund allocation under the **PM USHA scheme**. The college administration remains committed to implementing the proposed changes to ensure a student-friendly and academically conducive environment. Certain decisions, such as the reinstatement of student council elections, lie beyond the college's jurisdiction and depend on directives from the state government.
