

Principal's Message

It gives me immense pleasure to know that the Web Page of our Institution has been recently updated in view of the new requirements, and developments taken in the Institution. In the first place, I congratulate the Team IZAC which has taken all pains, and efforts in preparing this significant task that gives glimpse of the Institute in the present era of Information technology. Its easy and smooth access will help each one who wishes to get connected to the Institution established in the year 1951 firstly as UG College then promoted as PG College in the Region of Mewar named after the great freedom fighter Manikya Lal Verma.

Following the tradition of its glorious past in terms of academic excellence and pursuits the College has grown up tremendously with 17 UG and 16 PG Departments under Science, Humanities and Commerce. It's my heartfelt delight to speak that the College has more than 8000 students enrolled under various programmes and courses.

Since its establishment the College has attained reputation and excellence in academics, research as well in sports and co-curricular manuevers hosting to the number of students getting recruited not only in government sector but as well in private and other sectors of the society. The performance of the students in research, sports and co-curricular activities is also well commendable.

I expect from all my students, who have been a part of this Institute in any way in contribute for the betterment of the College. These students, teachers, alumni, industrialists, employers and parents as well are the stakeholders of this College who are supposed to contribute in many ways for the Institution as they possess a good deal of experience and exposure.

The College is committed for imparting value based knowledge to our students not only in terms of preparing them for career but also rendering them ethics and morals so that they may become good citizen of the society.

I believe that Web Page will be helpful for all who wish to be a part of our College.

Thanks and Best Wishes...

(Dr. Rajkumar Chaturvedi)

Principal

M.L.V. Government College, Bhilwara
