Action Taken Report on Students' Feedback 2022-23

Embracing Change: The college actively supports the implementation of the National Education Policy (NEP) by restructuring courses and developing new curricula. This aligns with student needs for a modernized educational experience.

Bridging the Gap: Recognising the importance of adequate faculty, the college has hired additional instructors through the "Vidhya-Sambal" program, addressing student concerns about teacher-to-student ratios.

Tech-Savvy Learning: Responding to student requests for improved library resources, the college is automating library systems and computers with internet access in the rooms.

Employability Focus: The college prioritizes student career prospects by collaborating with the government's initiatives such as "Mukhyamantri Kaushal Vikas Yojna" (MMKVY) program and other agencies to offer more skill-oriented extension programs. Additionally, they actively organize employment fairs and placement drives.

Faculty Development: Recognizing the evolving educational landscape, the college offers programs to train faculty in utilizing Information and Communication Technology (ICT) tools for improved teaching and learning during the post-COVID era. This aligns with the college's vision of incorporating more "smart" methods and technology into future curriculum.

Positive Environment: The college prioritizes a respectful and supportive learning environment. Staff training emphasizes fostering sensitivity and understanding towards students.

Going Green: Recognizing the importance of a pleasant atmosphere, the college has initiated plantation drives to create a greener and healthier campus experience.
