15. Multidisciplinary / interdisciplinary

S.P.S.B. Government College provides a holistic multidisciplinary Curriculum with the goal of providing students with an overall Knowledge of allied fields, in addition to their primary studies. Arts, commerce and science are main three faculties at the Institute. In the college various Under Graduate in all three faculties namely humanities, science and commerce and post graduate courses in humanities and science namely Chemistry, Sanskrit and geography are taught. Students participate in community engagement and social service projects each semester and yearly courses through NSS and ROVERS AND RANGER.

16. Academic bank of credits (ABC):

For each B.A, M.A., B.Com and B.Sc., M.Sc course, the Institute offers a variety of elective papers, and students are free to select the subjects that best suit their needs and combination according the syllabus of affiliated MDS university, Ajmer.

17. Skill development:

The programme for developing soft skills is an essential component of every student's education. The Institute has also held numerous talks, in which a sizable number of students participate annually.

18. Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

For all of its courses, the college provides two additional languages as answer choices on the college exam as well as the university exam: Hindi, and English. Since its beginning, the college has mostly been a hindi-medium institution that provides all two languages to all students. The college has always made an effort to encourage Indian culture by giving students several opportunity to exhibit their expertise with our Indian knowledge

systems and by encouraging traditional arts. One of them is the college annual function and cultural programme.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

Our university made pains to clearly state what each course's objectives were when establishing the new syllabus for the bachelor's and master's degrees in arts, commerce and science. The theory behind the approach is that while the traditional educational model focuses on teachers' inputs and assumes that learning has taken place, OBE focuses on "what the students are capable of doing." The objectives that must be fulfilled are evident, and the objectives' (or outcomes') final result is predetermined. OBE goes above and above the regular "structured duties." In order to demonstrate their talents through increasingly challenging exercises and higher order thinking, it calls on students to actively engage in the learning process. In both undergraduate and postgraduate programmes, outcomes (POs) relate to the characteristics, talents, skills, and understandings that students should develop as a result of their involvement in the institution's academic plan of study. The information and abilities that students must have before they can graduate from the institution are outlined in POs. The college has clearly stated its course outcomes on its website and given the links to university syllabus to define outcome based education.

According to the levels of MDS University, Ajmer Course Outcomes (CO) are the quantitative criteria used to evaluate each student's achievement in each course they take each year and semester. Throughout the programme, students are evaluated using mid-semester and end-of semester or end of the year exams, tutorials, assignments, project work, laboratories, presentations, employer/alumni feedback, and other techniques.

20.Distance education/online education:

Students can choose regular or non-college courses with ease thanks to the MDS university, Ajmer. Around 2200 and 2800 students, respectively, have signed up for the various courses at the college centre for the academic years 2022-2023.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

The College runs various U.G. and P.G. programs through several departments. The U.G. programs are B.A, B.SC, B.COM, and P.G. programs are M.A, M.SC, and M.Com. There are 09 subjects in humanities and social sciences, 05 in science and 03 in commerce. The College is affiliated with MDSU, Ajmer. The College strictly follows its prescribed curriculum. The learning outcomes of each course are built into the curriculum of each discipline. The program's outcomes and course outcomes are clearly stated to the student through the syllabus available on the University website. The College website also displays academic calendar, the timetable for all the courses offered by the College, exam schedules. The faculty members also offer regular formal and informal guidance to students about the courses. Therefore, both Students and teachers have clarity on the learning outcomes of the subjects taught in every course. The faculty members discuss and evaluate the program outcomes in their respective departments. The department-wise timetable is discussed, and further, a detailed teaching plan is prepared to keep in mind the results of the specific programs. A detailed department meeting is held at the beginning of an academic year to communicate P.O.s and C.O.s to each faculty member.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The program outcomes and course outcomes primarily aim to impart knowledge and skills critical for building students' competence and personality. The program and course outcomes are evaluated, and corrective measures are taken, it involves analyzing feedback on curriculum, teaching, progression to higher education, skill development programs, placements, and updated curriculum for competitive exams. Program and course outcomes are also discussed and evaluated in the Academic Council and Board of Studies. The faculty is encouraged to update their subject knowledge and keep pace with changing teaching methodology and delivery trends by pursuing higher studies and participating in faculty development programs and seminars. Few P.G. and U.G. programs have a mandatory field trip. Other forms of experiential learning events like workshops/seminars are used to evaluate the outcomes indirectly. All departments also analyze the annual exam results. The performance of students is reviewed, and departments take corrective measures. Corrective measures include adopting new pedagogical methods, greater attention to weak students, change in evaluation techniques, etc. If a student shows unsatisfactory performance, remedial classes are held, and the teacher provides simplified study material. The College has a rigorous system of tutorials and student presentations whereby teachers constantly interact with them and monitor.

3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

1. Our Institution is providing 4G Wi-Fi internet connectivity inside the campus. Easy and unrestricted access to internet for the students and teachers is a step that promotes academic and research environment of the institution. Students can freely enhance their knowledge which is crucial for their performance in exam. In today's world access to internet is deemed as a primary condition to acquire easy and quick knowledge in any concerning domain. Apart from this the delivery of online classes through various platforms was also made possible through existence of internet infrastructure in the college.

2. In the times of covid 19, the college quickly shifted to online mode of lecture delivery to the students. A college YouTube channel was created where the syllabus related videos were regularly uploaded so as to evolve a quick and effective way of

continuing the work of teaching. It must be mentioned that in a short span of time all our faculty members learnt the skills of online YouTube video presentation. The ever increasing number of academic videos on this channel is a testimony of the acceptance of this innovative method of teaching during the times of covid.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the

institution.

The program outcomes and course outcomes primarily aim to impart knowledge and skills critical for building students' competence and personality. The program and course outcomes are evaluated, and corrective measures are taken, it involves analyzing feedback on curriculum, teaching, progression to higher education, skill development programs, placements, and updated curriculum for competitive exams. Program and course outcomes are also discussed and evaluated in the Academic Council and Board of Studies. The faculty is encouraged to update their subject knowledge and keep pace with changing teaching methodology and delivery trends by pursuing higher studies and participating in faculty development programs and seminars. Few P.G. and U.G. programs have a mandatory field trip. Other forms of experiential learning events like workshops/seminars are used to evaluate the outcomes indirectly. All departments also analyze the annual exam results. The performance of students is reviewed, and departments take corrective measures. Corrective measures include adopting new pedagogical methods, greater attention to weak students, change in evaluation techniques, etc. If a student shows unsatisfactory performance, remedial classes are held, and the teacher provides simplified study material. The College has a rigorous system of tutorials and student presentations whereby teachers constantly interact with them and monitor.

3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

1. Our Institution is providing 4G Wi-Fi internet connectivity inside the campus. Easy and unrestricted access to internet for the students and teachers is a step that promotes academic and research environment of the institution. Students can freely enhance their knowledge which is crucial for their performance in exam. In today's world access to internet is deemed as a primary condition to acquire easy and quick knowledge in any concerning domain. Apart from this the delivery of online classes through various platforms was also made possible through existence of internet infrastructure in the college.

2. In the times of covid 19, the college quickly shifted to online mode of lecture delivery to the students. A college YouTube channel was created where the syllabus related videos were regularly uploaded so as to evolve a quick and effective way of continuing the work of teaching. It must be mentioned

that in a short span of time all our faculty members learnt the skills of online YouTube video presentation. The ever increasing number of academic videos on this channel is a testimony of the acceptance of this innovative method of teaching during the times of covid.
