

Gymnasium

Experts believe that exercise releases chemicals in your brain that make you feel good. Without a doubt, regular exercise can benefit your health, mind and body.

The college believes in paying attention to the health and fitness of the students in addition to their academic growth. Keeping these views in mind, the college runs an open gym (under MoU with Ajmer Smart City Limited) and a well-equipped gymnasium is available with latest equipment within campus for students as well as faculty.

A dedicated gym instructor is appointed by the college to assist the students and faculty to use the gym equipment in the correct manner. The gymnasium is a proud addition to the services and facilities offered by the college.

The gym is open to all members of the institute. The college gym is maintained by the Sports Committee.
