

# OFFICE OF THE PRINCIPAL, GOVERNMENT GIRLS COLLEGE, CHITTORGARH (RAJ)

## Policy

### Green and Plastic Free Campus

Government Girl's College Chittorgarh (Rajasthan) is committed to fostering a sustainable environment by implementing a Green and Plastic-Free Campus Policy. This initiative aims to significantly reduce our ecological footprint and promote environmental stewardship among students, faculty, and staff.

#### Objectives:

- **Resource Management-** We strives to conserve natural resources by promoting energy efficiency, reducing water consumption and minimizing waste generation. Recycling programs are implemented across campus encourage responsible disposal practices through compost pit.
- **Green Spaces and Biodiversity-** Our College campus prioritizes the preservation and enhancement of green spaces. We promote biodiversity through sustainable landscaping (Botanical Garden with many herbal plants) practices and the protection of native flora and fauna.
- **Reduce Plastic Use:** All single-use plastics, including water bottles, straws, cutlery and bags, are prohibited on campus. We encourage the use of reusable alternatives and provide convenient access to water refill stations.
- **Green Practices:** We will integrate sustainable practices into campus operations, including energy-efficient lighting, water conservation measures, and eco-friendly cleaning products.
- **Education and Engagement:** We integrate sustainability into our curriculum and promote environmental awareness through events and campaigns. Students, faculty and staff are encouraged to participate in initiatives that promote environmental stewardship. We will offer workshops and campaigns to educate the campus and nearby community about sustainability practices and the importance of reducing plastic waste. for this we are organizing many rallies for plastic free campus as well as nearby community. We are also organizing plantation drive in college through various committees to make our campus green and live.

By adhering to these principles, Govt. Girl's College, Chittorgarh (Rajasthan) strives to be a leader in environmental stewardship, preparing our students to become conscious global citizens committed to creating a more sustainable future.
