### CRITERION I – CURRICULAR ASPECTS

#### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The institution has the mechanism for well-planned curriculum delivery and documentation. The institution envisions a system that strives for an emancipatory education which shapes emphatic, unprejudiced and enlightened beings. The goal of the institution is to develop resourceful, responsible, resilient, loyal and visionary citizens and to foster social commitment in students. The college is affiliated to Mohanlal Sukhadia University, Udaipur and it follows the university designed curriculum. The Commissionerate of College Education, Jaipur designs an academic calendar which specifies the duration of the term, the date of commencement of the session, holding of student union elections and co-curricular and extra-curricular activities. The college administration forms various committees for the effective delivery of the curriculum. The time table committee prepares the time table which is followed for the entire academic session. The college has necessary infrastructure and innovative means of teaching and learning. The college has enough computers with internet facilities. Audio-visual aids such as visualizer, overhead projectors, smart boards etc. are there to cater to the needs of faculty members and students. Every year the prospectus of the college is prepared and uploaded on the website. The prospectus consists of all the basic information about the college, subjects, teachers, departments, fee structure, admission process etc. And it is made available to the students along with the admission form. For practical subjects, the laboratories/computer facilities are available to the students. The best practical reports, drawings and paintings are not only documented but also made available to the students for reference and learning. The information about committees formed throughout the year to deal with issues concerning students is made available to the students through notice board.

### 2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

With the introduction of online admission, the prospectus of the college is made available online to the students on the web page of our college and on the websites of the Commissionerate of College Education, Rajasthan Jaipur. The prospectus provides the following information related to the college like : important directions related to admission process, detailed information related to the subjects in the college and the subject combinations the students can opt for, the details of the fee structure, information and instructions related to attendance, discipline, identity and library card etc., information about various scholarships, list of faculty members and office staff, general time table for the current academic session and information about curricular, co-curricular, and extra curricular activities. All the faculty members of the college act as a strong support system to help the students. Besides guiding them for academic queries, they also do provide them moral counselling as and when needed.

Right from the time of admission in the college to their passing out from the college, the students receive customized, timely, practical and confidential advice. The placement and Counselling Cell helps the students to chalk out academic roadmaps for themselves. It acquaints them with various career options through lectures organized under the flagship of YDC. The students are always free to approach the teachers for any kind of guidance- personal and professional. The Grievance Redressal Cell has been established in the college for redressing grievances regarding academic matters related to library, transportation etc. The Anti-Ragging Committee looks into the grievances related to events of teasing, scolding etc. by the senior students. The members of Yuva Kaushal Prakoshtha help the students continuously to discover their own abilities and to choose their own careers. The Discipline Committee helps the administration to maintain general discipline in all aspects. A complaint box is installed in the campus near the office. Any grievance can be dropped into the box in writing. The grievances are taken up frequently at the appropriate level and redressed accordingly.

### 2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Earlier, Mohan Lal Sukhadiya University, Udaipur had introduced the system of internal assessment for UG (Part-1) and PG (Previous) in the session 2011-12 which was adopted by the institution. In the above scheme, 25 per cent marks in each paper were allotted by the teacher concerned. 10 percent marks were for internal test, 10 percent for presentation and 5 percent for the conduct and attendance. As this system of evaluation was not considered feasible, the paper pattern was changed for UG (Part-I) and PG (Previous) in the next session and 50 per cent marks were assigned to MCQ and 50 percent marks were allotted for subjective part in each paper. Later on, this pattern too was dropped and the pattern was again changed. Short answer type questions, one line answer type questions and essay type questions were introduced which is continuing till date. The institution conducts term tests to evaluate the progress of the students during the session. These tests help the students to become familiar with the examination procedure laid down by the university. The communication gap between the teachers and the students is thus minimized enabling the students to freely discuss their academic queries. The response to the tests provides a direction to the teachers to improve the teaching methods. The various curricular activities like seminars, practical demonstrations in laboratories, educational tours, field trips and industrial site trips and exposure to students to various extra curricular activities like literary and cultural activities and the activities of social relevance ensures a continuous

objective evaluation of the students.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The academic calendar is prepared by the Commissionerate of College Education, Rajasthan, Jaipur. It specifies the duration of the term, the date of commencement of the session, holding of election of the student union, supplementary and annual examinations, vacations and leaves, tours and camps of NSS, NCC, co-curricular and extra curricular activities etc. The college meticulously developed action plans for effective implementation of the academic calendar. The entire calendar was followed strictly and all activities were conducted according to it.

## CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

### 6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The college administration believes in decentralization and participative management, and for this, various committees are formed for the smooth functioning of the college activities. Teaching and nonteaching staff shares the responsibility of the college administration with the Principal for smooth running of the college. The Principal along with the staff council, department heads, committee conveners and members take various decisions for the betterment of the college. As per the guidelines of the Directorate, the IQAC is constituted according to NAAC guidelines and includes representation of parents, teaching and nonteaching members who work for the upliftment of the

college. Admission committee is made with a senior staff member as its convener for online admission procedure. Examination Committee and Student Election Committee is also made for smooth conduct of examinations and election. The Department heads maintain equilibrium in their respective departments by assigning proper time table to the staff members for smooth running of the classes. Purchase committee, time table committee, library committee, etc. do take important decisions to run the college effortlessly. A duly elected student union is there for the smooth working for students and college.

6.1.2 – Does the institution have a Management Information System (MIS)?

No

## 6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Admission of Students	The admission of the students is done online. The interested candidates go through the details of the college and they seek to apply for. The rules and regulations and various benefit schemes are available on the website. The forms filled by the students till the prescribed date are scrutinized by the faculty members. The finally approved forms get arranged merit wise in ratio to the number of available seats. It saves a lot of manpower and time and reduces hassle of paper work. It has provided respite to the students from standing for hours in queues to submit their forms. Adoption of this process has enhanced the reach of our college to a large number of students besides maintaining transparency in the admission process.
Industry Interaction / Collaboration	The placement cell organizes a job fair every year to enable the students to appear in interviews conducted by officials of various industries and organizations. YDC arranges lectures in which persons from industries share their experiences. An industrial tour is organized for science students in which they visit a nearby industry and understand its functioning.
Human Resource Management	The principal of the institution provides dynamic and requisite leadership to the organization. He/she regularly interacts with the faculty to discuss various policy matters and their effective implementation. The institution actively works towards the fulfilment of its mission and vision with the help and support of its teaching and nonteaching staff and under the able guidance of its

principal and senior faculty members. At the beginning of the session, the principal forms various committees through which the duties and tasks are assigned to the faculty members. Besides, the members of college Vikas Sammiti, IQAC, alummni and student union help a lot to contribute to the overall development of the college.

Library, ICT and Physical  
Infrastructure / Instrumentation

The institution has a well-stocked library and a reading room. More than fifty thousand books are there in the library. New books and journals are purchased every year through budget provided by the state government. News papers and magazines too are purchased for the students who read them daily. A smart class room has recently been developed by DOIT with all essential equipments like digital podium, LED TV screen projector, cameras, speakers, and 4 mbps lease line. Besides, the recently built seminar hall has been equipped with a smart board, projector, digital podium, visualizer and an inverter.

Research and Development

The various departments organize seminars, extension lectures and workshops to make the students aware of the various research developments. Eleven faculty members are registered as Ph.D. Supervisors and twenty scholars are pursuing research under them. The institution has well equipped laboratories and a well-stocked library. The ICT facility is well developed. The faculty attends state, national and international level seminars and conferences to keep themselves notified with the latest development in their field. The paper presentations are also published in the leading research journals.

Examination and Evaluation

The institution conducts term tests to evaluate the students progress during the session. The committee monitors and analyses the results and suggests corrective measures for students who fail to meet satisfactory progress and require more attention. These term tests are based on the pattern on which the annual university examination is based. This enables the students to become familiar with the examination procedure laid down by the university. The student response in the term tests provides a direction to the

	teacher to improvise the teaching method.
Teaching and Learning	The faculty members are motivated to attend and present papers in seminars and conferences. One smart classroom has been developed by DOIT. A lease line wi-fi (connection) with a speed of 4 mbps is also provided to ensure good quality of e-lectures. The students attend e-lectures which are simultaneously delivered at various colleges in the state. Various equipments like projector, smart board, visualizing and digital podium have been purchased and installed in the newly constructed seminar hall. Various programs are now being conducted to ensure better teaching learning process.
Curriculum Development	The institution, as such does not have much say in framing of the syllabus. The syllabus is prepared by the university with some faculty members representing the committee of courses and they express their opinion and put forth grievances regarding curriculum in the meetings. The curriculum is being regularly revised and new innovative topics are introduced from time to time.

#### 6.2.2 – Implementation of e-governance in areas of operations:

E-governance area	Details
Planning and Development	Time table and academic calendar of college directorate is displayed on the notice board.
Administration	Student data is maintained in student section in the office. Service record of teaching and non teaching staff is also maintained.
Finance and Accounts	The students deposit their fee online. Paymanager is used to prepare salary. The cashier maintains all records of the employees related to finance. Payments to vendors in NSS and RUSA are made through PFMS..
Student Admission and Support	The student admission procedure is online and merit list is prepared by college directorate software.
Examination	Forms are filled online and admit cards are generated online. Exams are conducted according to university guidelines

### 7.2 – Best Practices

#### 7.2.1 – Describe at least two institutional best practices

1. The Drawing Department of the College took the initiative to enrich students in art and skill and generate self-employment avenues through skill workshops for the students. A four day workshop on Pichhvai, a form of painting, was organised from 26.11.2018 to 29.11.2018. About 21 students were trained by the renowned traditional artist of Udaipur, Shri Ganesh Kumar Gaur, in Pichhwai Paintings. The famous artist trained the students about the minute details and aspects of Pichhvai Art. On the initiative of Dr. Shankar Sharma, Assistant Professor, Drawing and Painting, the workshop was coordinated along with YDC and the students prepared about 40 paintings which were demonstrated on the last day in the exhibition of the workshop. For self-employment of the students. This initiative proved to be of utmost utility and will be followed by some more workshops in the coming years. 2. Games and Sports: The professional trainer of games and sports, i.e. the PTI has been guiding the

students. And the various teams of the college enthusiastically participated in the following events conducted by the University: cross country race, weight lifting, power lifting, best physique, swimming, judo, badminton, volleyball, cricket, athletics, table tennis and kabbadi. The College team of about 75 students participated in various events and won many medals. Two gold medals and one silver medal were won by the students in weight lifting. One gold medal in best physique category and one gold medal in all round performance in body building were won. The college team stood runners up in 4x100 m. relay race. Silver medal in long jump and bronze 200 meter race were won. Two bronze medals in 1500 meter and 5000 meter race too were obtained. Students were selected in badminton, cricket team and body building to represent the university team. Various sports events were organized at the college level in which about 246 students participated with great enthusiasm.

### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The college is committed to create social awareness in the nearby area through a series of activities through NCC, NSS, Alumni Association and Interaction Meetings of the Students' Parents with the faculty and staff. In addition, the college is providing consultancy and guidance on various social laws to the nearby government and non-government organisations, as the services a professional social worker are available in the college. On January 28, 2019, one of the faculty members (Dr. Vineeta Srivastava) of the college was invited as a resource person in the One Day Workshop on Prohibition of Dakan Pratha (Witch Hunting) Act, 2019 organised by the Rajsamand Mahila Manch with the Police Department, Rajsamand, Rajasthan at the SP (Superintendent Police) Office, Rajsamand. The College, through its faculty members, has been providing resource to various government and non-government organisations time to time on issues like counselling, gender equality, Right to Education, the Protection from the Domestic Violence Act, 2005 etc. Career Counselling and job-oriented courses are also being provided to the students. On the basis of recommendations of external agencies to start need-based courses on self financed basis, the PGDCA program has been successfully launched in the year 2001. The number of seats for this program is 40. Publicity of this program has continuously been accorded through prospectus and print media for admission seekers and also for employers to offer internship and placements. Identifying the local needs and a zeal to break new grounds of entrepreneurship, the college has always been striving in order to survive and surpass competitive world of market paradigm. During the initial stages, the PGDCA comprising of laboratory, department and washroom was constructed by the Nathdwara Temple Board. The furniture and computers were too provided by them. Each student is charged rupees 8500 (approx.) for one year PG diploma course in computer application and for the last 10 years, the fee structure has not been revised. There is a need for sustained efforts to further mobilize financial aid from private sources. As far as placements are concerned, the students have largely been selected in government and private schools as information assistant.

### 8.Future Plans of Actions for Next Academic Year

Faculty and Student Development I. The faculty members of the college will be provided training in preparing e-content and online sessions for the students. II. In continuation to this, the online classes will be organised for the students to facilitate knowledge sharing to the students living at the remote interior areas. III. Keeping in view the health requirement, the yoga training sessions will be arranged time to time for the college faculty and staff members. IV. Stress management training will be organised for the faculty and staff. This will help in building a positive environment in the college to meet the requirements of the much demanding job requirements. Green Initiative and Social Cohesiveness I. In the college functions, the guests will be given the green small plants instead of mementos. II. On the special days in the college, various departments will be motivated to plant and take care of the plants and also motivate the students also to plant trees on their birthdays etc. Pollution Free Campus I. A systematic covered parking will be constructed in the outer wing of the campus. II. Entry of the vehicles will be restricted in the inner zone of the college. III. The campus will be made vehicle free inner zone.
