

Best Practices- (2018-19)

Best Practice No. 01- Celebration of Swachhta Hii Sewa from 15 Sep to 02 Oct 2018.

Objectives: To create awareness among the people about cleanliness , ODF, Environmental conservation, aforestation, and making people Eco-civilized.

The Context: Arid climate of Rajasthan is a biggest challenge to forestation. Lack of awareness among the people about the various issues of environment is a cause of concern. The program Swachhta hi Seva was carried out to address these challenges, as it advocates making environment "open-defecation free" (**ODF**). And to make people aware of them in keeping their atmosphere clean and eco friendly by planting more and more trees.

The Practice:

The institute celebrated the Swachhta Pakhawada from the date 15 Sep 2018 to 02 Oct 2019. The task was executed by organizing mass awareness rallies in the near about areas of the village to give a message of cleanliness and awareness about the various environmental issues.

The Students of the institution, NCC cadets and Volunteers of NSS actively participated in the event organized by making rallies, by displaying of posters and Shramdaan as scheduled in the event.

Best Practice No. 02 - Title: Blood Donation Camp (02/10/2018)

Objective:

1. In order to raise awareness about this life-saving procedure.
2. To Promote Communal Harmony among the students and people.
3. To raise awareness that individuals can save lives and improve the health of others by donating blood.

Context:

Blood is the most precious gift that anyone can give to another person — the gift of life. A decision to **donate** blood can save a life. Blood donation is one of the most significant contributions that a person can make towards the society.

The practice of donating blood creates a sense of togetherness which connects people for a common cause of saving someone's life. As the institution is situated at the place where the most of the students are from rural background with a limited exposure to urban life. The purpose of the activity is to involve the people of the different religious belief so as to foster among them the sense of integrity and social responsiveness.

Practice:

Seeing that thousands of patients die every year in lack of blood the college motivated students to organize a Blood donation campaign in the campus. To meet the above objectives the day 02/10/2018 which is observed as Gandhi Jayanti was celebrated with the purpose of creating the awareness about social responsibility and communal harmony.

Though it was fully on will of students to donate or not to donate but surprisingly a large number of girls as well as boys came forward to donate blood.

Even the collection authority Get-well Hospital Sikar has to deny a few students as they had collected more than the required quantity of the blood units. This shows the dedication and social awareness of the students
