

BABU SHOBHA RAM GOVERNMENT ARTS COLLEGE, ALWAR (RAJASTHAN)

STUDENT SATISFACTION SURVEY REPORT – 2020-21

Student feedback survey plays a crucial role to evaluate and improve the institute for better. The feedback survey also highlights the areas if any, needing improvement. To get a fair and unbiased feedback from the stakeholders the institute has devised an offline feedback form for students/Alumni/Faculty/Support Staff to invite their views, learning outcome and how they evaluate the college. The form is available on the college website and to implement the pledge for paperless work a Google form is also available on the college website (link of Google form- [Click Here](#)). The feedback of the stake holders i.e. the students is indicator of academic performance, examination, co-curricular and sports activities and other activities. Through this feedback the students freely express their opinion about the institute need improvement /attention and the necessary steps to be taken for improvement by the institute.

After analyzing the feedback some assertions can be made about the teaching learning outcomes:

Students feel proud to be enrolled in the best government college of Alwar district as a regular student thus indicating their preference and consideration. They take pride in being part of the district nodal college with 8 PG departments, Ph.D research centre of RRBMU Alwar and a better equipped college in terms of resources and facilities.

1. Students felt highly contended with the teaching faculty and teaching. Students felt satisfied with the teachers, who effectively delivered their lectures and were satisfied with their communicative skills (90 %) Students appreciated the teachers for ONLINE LECTURES ON COLLEGE YOUTUBE CHANNEL and timely completion of assigned syllabus in CORONA pandemic.
2. The institute provides a positive learning and grooming environment for student in teaching, learning and sports/ NSS/NCC/RANGER AND ROVER.
3. Students were satisfied with the infrastructure and lab facility of the geography department. Some suggestions were provided for augmentation of sports facility like KABBADDI and lawn tennis, both have been sorted out.
4. Being a Co-Ed institute, girl students reflected their satisfaction with facilities and participation in co-curricular and other cultural / sports activities. Though hampered by the corona pandemic some of the girl students took active part in awareness rallies through NSS/RANGER ROVER/NCC
5. Some areas of concern as pointed out by the students in the feedback survey for action to be taken by the college administration are:
 - a. Library to be opened beyond college time i.e. till 7:00 P.M
 - b. Separate gym for girl students
 - c. More drinking water points

The feedback report has been submitted to the college administration and an action taken report has been prepared for implementation in the upcoming session.
