Action Taken Report on Students' Feedback 2022-23

- The implementation of the NEP 2020 has started from the session 2022-23. The construction of courses and development of curricula is underway. The college is doing very possible effort to make students at home with this new educational system.
- To fill up the gap between the strength of students and availability of teachers, faculties were hired on contractual basis under a scheme of the Commissionerate known as 'Vidya-Sambal'.
- The automation of the library is in progress. The reading room has been facilitated with computers with Internet. Open wi-fi is available for the students in the college campus.
- The college has undertaken more of skill-oriented extension programs to enhance the employability of the students in collaboration with the state government (MMKVY- Mukhyamantri Kaushal Vikas Yojna) and other agencies.
- The college is strenuously engaged in organizing employment fairs and placement drives in collaboration with various agencies.
- Programs are conducted to train the faculty member in the application of ICT tools in teaching-learning during and postCOVID-19 period. Inculcation of more smart methods and tech facilities is part of the perspective and future plan of the college.
- The conditioning of the teaching and non-teaching staff is done by the principal for them to become more sensible towards students.
- Plantation drives are being carried out for the campus of the college to become more pleasant, green and healthy.
